To Whom It May Concern:

Please rescind the unjust and coercive mandate that all "contraceptives" and sterilization procedures be covered by private health insurance at no cost or provide a conscience provision that allows anyone to opt out of paying for these premiums for others if they have moral or religious objections.

Certain forms of contraception, as you are aware, actually cause abortions, and mandating that my family to pay for this disgusting service for those who have no conscience is immoral at minimum. Evil is perhaps a more adequate description of what these regulations encourage, and forcing me to pay for it only compounds it.

I again urge you in the strongest way possible to remove contraceptives and sterilizations from the list of mandatory preventive services.

Sincerely,  
Bill Baker
